# That real Fly Fishing Experience

Ontario is a fly fishers paradise with over 400,000 lakes, rivers and streams and access to trophy-sized fish. In Northern Ontario and Algoma specifically, the fishing is world-class. In Sault Ste. Marie the famous St. Marys River has virtually every species a fly fisher would want to swing a fly for - Atlantic Salmon, Steelhead, Brown Trout, Lake Trout and even Pacific Salmon. Best of all, you can stay at local affordable hotels and walk down to this incredible fishery. Algoma Country is blessed with numerous outfitters and lodges that feature lake and river fishing for both warm water and cold water species. You can cast dry flies for wild Brook Trout on a small river in total solitude or throw big poppers to entice fat Smallmouth Bass into explosive surface takes. From Bass to Northern Pike, Algoma lodges and outfitters have the fly fishing conditions and species you want. You can take a floatplane, train or car to exceptional wilderness fishing adventures. Best of all, it is very affordable and accessible. This is the ultimate destination for fly fishers who want to catch trophy-sized fish!
