

Explore Northeastern Ontario

A Northeastern Ontario road trip is like no other — here, you literally can drive for months and never hit the same pavement twice. If you have the time, we have the adventure!

Along with excellent hiking, paddling and a variety of exciting day trips, our region is renowned for breathtaking scenery and spectacular destinations.

Northeastern Ontario is only 3 hours from major centres in Southern Ontario, but feels like a world away.

LEGENDARY JOURNEYS

Lake Temiskaming Circle Tour

ROUTE COLOUR: GREEN
TOTAL DISTANCE: 450KM

Northward on Highway 11 from the junction of Highways 11 and 17 at North Bay, there's a wealth of natural, historic and cultural treasures to discover on the Lake Temiskaming Circle Tour.

Challenge yourself with a climb up the **Temagami Fire Tower on Caribou Mountain** — your reward is a stunning view of the Temagami wilderness. For a gentler pursuit, tour the restored historic train station.

Follow **Highway 11B to Cobalt**, a silver boomtown in the early 1900s, now a **Parks Canada National Historic Site**. Whether you prefer to explore on your own or take a guided tour, you'll find many of Cobalt's once famous mine sites on the **Heritage Silver Trail**. In **Haileybury**, you can take a leisurely stroll down **Millionaire's Row** where the majestic homes of early 20th century mine owners and lumbermen overlook the wide expanse of **Lake Temiskaming**. Or relax at the **Temiskaming Art Gallery** where works by local and northern artists are proudly displayed.

No visit to **New Liskeard** in Temiskaming Shores is complete without snapping a selfie with **Ms. Claybelt**. This giant-sized statue of a Holstein cow symbolizes how important agriculture has been and still is to the Temiskaming District. Take a side trip across the Ontario-Québec border to **Ville-Marie**, where you can imagine what it was like to be a real voyageur at the **National Historic Site of Obadjiwan Fort Temiscamingue**, built in 1686.

Georgian Bay Coastal Route

ROUTE COLOUR: ORANGE
TOTAL DISTANCE: 1,400KM

At the tip of the **Bruce Peninsula** you'll find the tiny village of **Tobermory**. Grab an ice cream and set sail aboard the **MS Chi-Cheemaun** to the largest freshwater island in the world — **Manitoulin**! Heading west to **Providence Bay**, take a minute to explore the best sandy beach on the island. In **Meldrum Bay**, at the lonely westernmost point, visit the historic **Mississagi Lighthouse** and enjoy a fine meal at the **Meldrum Bay Inn**.

On your return trip, stop in at **Gore Bay**, a small town with a busy waterfront and a jaw-dropping scenic lookout from the **East Bluff**. **Kagawong's Bridal Veil Falls** is arguably Northeastern Ontario's most photographed waterfall, and the stunning views atop the **Cup and Saucer Trail** near **Sheguiandah** make fantastic picnic spots. Learn about Anishinaabe art, culture and history at **Ojibwe Cultural Foundation in M'Chigeeng** First Nation or on a tour with **Wilkwemikong Tourism**.

Once you're over the historic swing bridge in **Little Current**, your next stop is **Sudbury**. Home of the iconic **Big Nickel**, it's a perfect place to spend an evening. Grab a bite and go for a stroll on the **Ramsey Lake** and **Science North** boardwalk through **Bell Park**.

To truly experience the beauty of Georgian Bay, take a detour off **Highway 69 to Killarney**. With its twists and turns, **Highway 637** is a pathway to a different — quieter — world. Highlights include **hiking the famous "Crack," fish'n'chips at Herbert's**, and renting a canoe or kayak for a day out on the turquoise waters.

As you continue your journey south, make sure to stop at the **French River Provincial Park Visitors Centre** and stretch your legs on the roughly one minute hike to the historic **Recollet Falls**. For those with a sweet tooth, the fudge-bar at the **French River Trading Post** is a must.

Great Legends Circle Tour

ROUTE COLOUR: RED
TOTAL DISTANCE: 1,350KM

Have you ever taken a spin in a gyroscope? Gone glamping in the woods? Reeled in a monster muskie? These activities barely scratch the surface of what the Great Legends Circle Tour has to offer.

Since **Sudbury's Science North** opened in 1984, it has amazed and entertained visitors from around the world with its mix of science education and fun for all ages. Science North now features an IMAX theatre, a butterfly gallery, special exhibits, wacky and wonderful science demonstrations, animal ambassadors and so much more. From Sudbury, follow **Highway 17 east to North Bay** and on to **Mattawa**, the heart of legendary voyageur country — a haven for skiing and snowmobiling in winter; hiking and camping in summer.

Head north via **Highway 101 or 11** to the **City of Temiskaming Shores** where the amalgamated communities of **New Liskeard, Haileybury** and the **Township of Dymond** are proud to show off their unique natural and historical treasures. With a mining history as rich as the ore that built this northern town, **Kirkland Lake** is the jumping off point for some sensational snowmobiling.

There are a lot of reasons to visit **Cochrane**, and the **Canadian Polar Bear Habitat** is one of them. It's one of only three habitats in the world dedicated to polar bears! One last stop before you head home takes you to **Timmins**, where the annual **Great Canadian Kayak Challenge and Festival** attracts serious paddlers and fun-seekers alike from all over the world.

Welcome to Northeastern Ontario, Canada, where big adventures end with big smiles and lasting memories.

From the historic French River to the lure of the James Bay Coast, there is no denying the vast expanse and the diversity of the region. Over 184,000 kilometres of geography are home to towering old-growth forests, famous waterways,

sprawling farm country, and cities and towns with all the urban comforts to make your visit a most memorable one.

Whether you're planning an on-the-go family vacation, a romantic road trip for two, or a solo journey to relax and recharge, Northeastern Ontario checks all the boxes.

Lake Nipissing Circle Tour

ROUTE COLOUR: PURPLE
TOTAL DISTANCE: 300KM

The loop around **Lake Nipissing** offers four-season fun, whatever your go-to activity — biking, hiking, fishing or snowmobiling.

Start at **North Bay's waterfront**, one of the city's main attractions for swimming, boating or just plain chilling. A popular destination for walking, running, cycling and inline skating is **Kate Pace Way** located along North Bay's scenic Waterfront Park and named in honour of the hometown Olympic skier. The **Discovery North Bay Museum** in the old Canadian Pacific Railway station is a must-see for history buffs.

Head west on **Highway 17 to Sturgeon Falls** and then south on **Highway 64** for the **French River** area, renowned for its fishing, first-rate lodges, the landmark **French River Trading Post** and Canada's historic French River, which was the main waterway west from 1600 to the mid-1800s for early French explorers.

Close by is the town of **Noelville** where you'll want to stop at the **Backstreet Gallery** to admire local arts and crafts by Metis, Indigenous, Francophone and Anglophone artists from the French-River Nipissing corridor. Loop back to North Bay and, on your way, stop in **Callander** where scenic lookouts give you a sensational view of a Nipissing sunset.

The maps provided are graphical representations intended for general informational purposes only; they are provided "as-is" and may contain omissions, errors and may not reflect the most current information.
