

Northern Ontario CFDCs

What are we looking to achieve through this presentation?

- The objective of this presentation is to provide a bit of information on what services CFDC's across Northern Ontario can provide to small businesses. The most prominent service we provide is access to capital (lending solutions).
- After the presentation, there will be a live Q&A period to answer questions you may have.

Northern Ontario CFDCs

We provide access to capital

Your local CF's work hard to support small business

- Purchase an existing business or finance a start-up
- Debt consolidation
- Business Expansion

Flexible repayment terms

We work with clients to provide the best repayment solution for their particular situation

- Seasonal payments or custom payment schedules

Partner with other lenders

We work with the traditional lenders and government lending programs to help find solutions that work

What do CF's Do?

Business Consultation

We provide general business advice as well as information on other resources such as SuccessionMatching.com or other government assistance programs

Lending

Access top capital is critical. We continue to provide lending services to small businesses

Loan Amounts

Each CF can loan up to \$300K locally and up to \$600K through their regional investment pools

Local Board of Directors

Each CF is governed by a local board of directors representing a diverse cross-section of the businesses and communities they service
